### The universal dock plate

The Crawford DP6050HFB dock plate is the universal loading system among the transportable dock plates. No matter whether loading or unloading a truck or a wagon, rear or side ore the load area being above or below the dock – the Crawford DP6050HFB dock plate is always the practical loading solution.

The high-tensile light metal allows weights up to 40 kN. The Crawford DP6050HFB dock plate complies with the European EN 1398 standard.

#### Feature and benefits:

- Non slip surface for safe transshipment of goods
- Easy to keep clean
- Robust and weather resistant
- Can be equipped with transport wheels for very easy handling
- Low cost investment

Type	Order Number	Length (L)	Width (B)	Dim. (A)	Height Difference (H)		Load Cap (kgs/ea)	Weight (kgs/ea)	
					min.	max.
